DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 8/28/06 was filed after the mailing date of the first action on the merits. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Election/Restrictions

Claim 6 is withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected group II (method), there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 2/15/08.

EXAMINER'S AMENDMENT

The application has been amended as follows:

This application is in condition for allowance except for the presence of claim 6 directed to method (group II) non-elected without traverse. Accordingly, claim 6 has been cancelled.

The following is an examiner's statement of reasons for allowance: the prior art references fail to either signalry or in combination to show: a substrate driving mechanism which drives the substrate in said vacuum chamber in a direction that is substantially perpendicular to a width direction of the ion beam emitted from said ion source; a rotation shaft which is passed through said vacuum chamber, and a center axis of which is located in a place separated from said ion source toward the substrate,

Art Unit: 2829

and substantially parallel to a surface of the substrate; an arm which is disposed inside said vacuum chamber, and which supports said ion source through said rotation shaft; and a motor which is disposed outside said vacuum chamber, and which reciprocally rotates said rotation shaft, said ion source being supported to be rotatable about said center axis of said rotation shaft as specified in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
